*now with a new afterword about the impact of the palisades fire on animal rescues in los angeles rethinking rescue boldly confronts two of the biggest challenges of our time poverty and homelessness in asking the question who deserves the love of a pet in los angeles s most underserved communities lori weise is known as the dog lady the woman who s spent decades caring for people in poverty and the animals that love them long before anyone else weise grasped that animal and human suffering are inextricably connected and created a new rescue narrative an enduring safety net empowering pet owners and providing resources to reduce the number of pets coming into shelters rethinking rescue dog lady and the story of america s forgotten people and pets unites the causes of animal welfare and social justice moving between weise s story and that of the larger u s rescue movement through captivating storytelling and investigative reporting carol mithers examines the consequences of bias within this overwhelmingly white movement where an overemphasis on placing animals in affluent homes disregards pet owners in poverty weise s innovative and ultimately triumphant efforts revealed a better way as cities across the country witness some of the worst housing crises in history and as the population of unhoused people and pets continues to skyrocket rethinking rescue offers a story of compassion and hope*

*this book illustrates why a holistic approach is important in pediatric palliative care ppc readers will learn this approach has a horizontal axis featuring the patients mental and physical needs as well as*

their environments it has also a vertical axis the evolutive changes of the patients throughout their development and their illness their aspirations and fears an evolutive or dynamic approach is mandatory each child parent has a different experience of illness and a different path to recovery that is influenced by their age gender culture but also by the state of their grief to take care of them we need to know the state of the subjects we are dealing with throughout their evolution in age children and in sorrow both children and parents jung s and piaget schemes will be of support this book also helps caregivers to know what ethics is it teaches a new insight on the word ethics not a series of principles or norms but an approach based on humanistic virtues two criteria will be proposed to this aim an ethics based on the refusal of inauthentic behaviors or those behaviors that are copies of animals or machines and a new criterion that even children have some ethical duties not based on rules but on naturally acceptance that their sight is modulated by the presence of their parents and friends this ethical approach is explained to caregivers in a practical mode ready for clinical exigencies this book is also unique because it demonstrates that ppc also involves the true care of caregivers it will explain how to approach measure and overcome caregivers burn out special attention is devoted to the approach to babies and children s pharmacological and non pharmacological analgesia and sedation pain assessment methods will be illustrated as well as the development of a ppc web on the territory this text includes perinatal and neonatal ppc the book will be of valuable support to all those intensivists pediatricians nurses psychologists physiotherapists and healthcare professionals working in ppc units
